

## International Confederation of Amputee Associations (IC2A)

IC2A is an international alliance that shares experiences, knowledge and best practice to inspire improvement in the quality of life of amputees and individuals born with limb deficiency. IC2A is a non-profit organisation.

### Corporate Membership of IC2A – helping us to amplify the user’s voice

Our aim is to provide you with an excellent business opportunity and our alliance members with insight and access to the sector’s leading suppliers. Your support demonstrates your company’s commitment to a person centred approach to continually improving products and services for people with limb loss.

The money generated will allow the confederation to play an important role, both nationally and internationally, in the advancement of amputee care from A to Z throughout the entire rehabilitation chain. IC2A promotes mutual understanding between all parties involved in amputee rehabilitation including health care providers and industry but retains full independence from industry and other third parties when it comes to decision-making.

From as little as 600 Euro per year, your organisation could become a corporate member of IC2A and take advantage of the benefits of being associated with the world’s only international alliance of amputee associations.

More information about Corporate Membership is described in our IC2A Governing Document on our website.

Please contact us at [corporate-membership@ic2a.world](mailto:corporate-membership@ic2a.world) for more information.
